

Flexshaft Submersible Water Pumps - 50 mm

Flextool

P525 Cutaway View

Features:

- Flextool flexible shaft driven water pumps are portable and versatile and can be used in multiple applications.
- Used by construction industry, hire industry, manufacturing industry, government services, plumbers and drainers, etc.
- General purpose and chemical resistant models available.
- Self priming, submersible operation.
- No costly suction hose required.
- All pumps have a quick action flexshaft coupling with a 3-tooth dog drive enabling them to be operated from petrol, electric, diesel or pneumatic drive units.
- Fitted with an adaptor for camlock quick action hose fittings.

Note: Part numbers for **standard products** are shown in **bold type**.

Water Pumps - P525

Model	Head - max (m)	Discharge - max (l/hr)	Solids - (mm)
P525G	10.0	25,000	8
P525C	10.0	25,000	8

Water Pump - General Purpose

Model P525G

Applications:

- Tanks
- Drainage works
- Footings
- Pool excavations
- Manholes

Features:

- Lower price.
- Cast iron body.

Options

- Low profile strainer.

Standard Flexshaft (13 x 32 mm dia)

Length	Part No.	Weight
3 m	F09019	18 kg
6 m	F08002	25 kg
9 m	F08750	32 kg

Water Pump - Chemical Resistant

Model P525C

Applications:

- Dye works
- Galvanisers
- Factory tanks
- Anodising solutions

Features:

- Cast iron components reduce corrosion.

Standard Flexshaft (13 x 32 mm dia)

Length	Part No.	Weight
3 m	F01522	20 kg
6 m	F09017	27 kg
9 m	F09535	34 kg
